Product information Produktinformationen

KC-Retractor Set

- For posterior lumbar and thoracic spine surgery.
- Standard Set with KC-Retractor and standard blades in different designs.
- 1 to 5 teeth design, various widths and depths of blades available.
- Optimum assembly, repositioning and stability.
- All instruments available in one tray, securely stored (dimensions: 540 x 253 x 50mm).

New:

- **KC-Lightweight Set with newly designed retractor** and connection of blades with additional safeguard.
- Retractor is 25% lighter compared to standard retractor due to new design.
- Blades feature an additional safeguard to allow fixation of blades.
